

REMARKS

Claim 1-52 and 57-68 are pending in this application. Claims 1, 36, 37 and 62 are currently amended. Claim 2-35, 38-52, 57-61 and 63-68 are original. Claims 53-56 are cancelled, without prejudice. Applicants submit that no new matter has been introduced.

In particular, support for the changes to the preambles of claims 1 and 37 is found, e.g., in the second paragraph of page 1 of the specification. The deletion at the end of claim 1 returns the claim to its original scope, as filed. Support for the other changes to claim 37, and also to claim 36, is found, e.g., in the descriptions of all of the embodiments with reference to the drawings. Claim 62 is amended, and claims 53-56 are cancelled without prejudice, due to lack of antecedent basis in the base claim from which these claims depend.

The specification is amended, e.g., to reflect these changes to the claims, to correct minors errors, and/or for purposes of clarification, including by better locating portions of the original description.

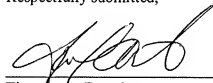

Applicants ask that all claims be examined in view of the amendment to the claims.
